ABOUT ME

Creative and detail-oriented Frontend Developer with **1 year of experience** in building responsive web applications, combined with **10+ years of expertise in Photoshop and UI design**. Certified in Web & Computer Programming (BYU–Idaho). Skilled in HTML, CSS, JavaScript, and GitHub. Passionate about building clean, accessible interfaces that deliver strong user experiences. Currently seeking a remote frontend position to contribute and grow.

PROFESSIONAL EXPERIENCE

Web Development Experience 2024 – Present

Built and deployed multiple responsive websites using HTML, CSS, and JavaScript

Designed UI layouts and wireframes in Photoshop and translated them into working pages

Created web projects hosted on GitHub Pages and Netlify

Used Git/GitHub for version control and collaboration

Built frontend integrations with public APIs (e.g., weather data)

Graphic Designer (Freelance) Windhoek, Namibia 2013 – Present

Delivered visual identities, branding kits, and UI mockups for 50+ clients

Designed logos, posters, and visual content for print and digital marketing (Adobe Photoshop)

Edited promotional videos and motion graphics for social platforms (Adobe Premiere)

CORE SKILLS

Frontend: HTML5, CSS3, JavaScript (Vanilla), Git, GitHub, Responsive Web Design
